

SOUTHWESTERN PENNSYLVANIA COMMISSION

RESOLUTION NO. 9-08

A RESOLUTION OF THE SOUTHWESTERN PENNSYLVANIA COMMISSION to make a finding of conformity that the 2009-2012 Transportation Improvement Program (TIP) for the Pittsburgh Transportation Management Area (TMA) and the region's 2035 Long Range Transportation Plan are consistent with the requirements of the federal Clean Air Act (as amended).

WHEREAS, the federal Clean Air Act authorizes the Environmental Protection Agency (EPA) to establish National Ambient Air Quality Standards (NAAQS), to define the boundaries of areas not in attainment of the Standards, and to establish criteria and procedures for attaining and maintaining the Standards; and

WHEREAS, the EPA has designated three nonattainment areas in the SPC planning region for the 8-Hour Ozone NAAQS; these include the Pittsburgh-Beaver Valley nonattainment area (comprised of the seven counties: Allegheny, Armstrong, Beaver, Butler, Fayette, Washington, and Westmoreland); the Greene County nonattainment area; and the Clearfield-Indiana nonattainment area (comprised of Clearfield County, which is outside of SPC's planning area, and Indiana County which is within SPC's planning area); and

WHEREAS, the EPA has designated three nonattainment areas in the SPC planning region for the PM 2.5 NAAQS; these include the Liberty-Clairton nonattainment area (comprised of five municipalities within Allegheny County); the Pittsburgh-Beaver Valley nonattainment area (comprised of Beaver, Butler, Washington, and Westmoreland counties in their entirety and portions of Allegheny, Armstrong, Greene, and Lawrence counties); and the Johnstown nonattainment area (comprised of portions of Indiana County within SPC's planning area, and all of Cambria County which is in the planning area of the Johnstown MPO); and

WHEREAS, the EPA has designated a maintenance area in the SPC planning region for the PM 10 NAAQS consisting of five municipalities within Allegheny County; and

WHEREAS, the EPA has designated a maintenance area in the SPC planning region for the Carbon Monoxide (CO) NAAQS consisting of the City of Pittsburgh's central business district; and

WHEREAS, the EPA, in the Transportation Conformity Rule (40 CFR Part 93), as amended, provides criteria and procedures to be followed by Metropolitan Planning Organizations (MPOs) in making conformity determinations regarding transportation plans, programs, and projects within designated nonattainment and maintenance areas; and

WHEREAS, the Transportation Conformity Rule and Sections 174 and 176(c) and (d) of the Clean Air Act (Sections 7504 and 7506(c) and (d) of Title 42 U.S.C.) require that the MPO not approve any plan, program, or project which does not conform with the Clean Air Act; and

WHEREAS, the Southwestern Pennsylvania Commission (SPC), as the MPO for the Pittsburgh Transportation Management Area, is responsible under Section 134 of Title 23, U.S.C. and Section 8

of Title 49, U.S.C. for carrying out a continuing, cooperative, and comprehensive transportation planning process; Section 174 of the Clean Air Act designates this same organization as responsible for the transportation-related air quality planning within designated nonattainment and maintenance areas to achieve and maintain NAAQS; and

WHEREAS, SPC has conducted a qualitative and quantitative analysis for the designated PM 2.5, PM 10, CO, and 8-Hour Ozone nonattainment and maintenance areas within the SPC region in accordance with the applicable criteria and procedures of the Clean Air Act (as amended) and the Transportation Conformity Rule, and has demonstrated conformity of the 2009-2012 TIP and the region's 2035 Long Range Transportation Plan to the Clean Air Act; and

WHEREAS, the results of the conformity analysis were made available for public review and comment consistent with SPC's established public review procedures from May 27, 2008 through June 25, 2008 including ten public meetings; responses to all public comments have been compiled and made available for review by Commission members.

NOW, THEREFORE, BE IT RESOLVED that the Southwestern Pennsylvania Commission finds that the region's 2035 Long Range Transportation Plan and the 2009-2012 TIP conform to the Clean Air Act (as amended) by supporting its intention of achieving and maintaining the NAAQS; and

BE IT FURTHER RESOLVED that the region's 2035 Long Range Transportation Plan and the 2009-2012 TIP are consistent with the Clean Air Act (as amended) and Transportation Conformity Rule; no goals, directives, recommendations, or projects in the TIP or Long Range Plan contradict in a negative manner any specific requirements or commitments of the applicable State Implementation Plan (SIP).

RESOLVED FURTHER that assessment of the designated PM 2.5, PM 10, CO, and 8-Hour Ozone nonattainment and maintenance areas within the SPC region demonstrates that the transportation plans, programs, and projects for those areas conform to the provisions of the Clean Air Act and the applicable criteria and procedures of the Transportation Conformity Rule.

I, Rodney Ruddock, HEREBY CERTIFY that I am Secretary-Treasurer of the SOUTHWESTERN PENNSYLVANIA COMMISSION; that the foregoing resolution was adopted, in accordance with the By-Laws, by the Members of said Commission at a meeting duly called and held on the 30th day of June 2008; and that said resolution is now in full force and effect.

IN TESTIMONY WHEREOF I hereto subscribe my name as Secretary-Treasurer.

---

Secretary-Treasurer
