healthy communities and building active transportation networks.

Active Transportation Plan Goals

- Strengthen Communities
- Improve Transportation Safety & Security
- Improve Multimodal Accessibility & Connectivity
- Improve Public Health & the Environment

Mapping the Future:
The Southwestern PA Plan

Preliminary Objectives

Objectives ranking survey

We're seeking your input!

Mapping Exercise

Step 1: Use a marker to identify the location of existing and planned trails or bicycle facilities that are not included on the map. Make notes next to your entries on the map.

Step 2: Use a marker to identify other areas of interest or concern directly on the map (for walking or biking). Make notes next to your entries on the map.

Step 3: Use post-it notes to share additional comments that are not location-specific.

Objectives Ranking Exercise

Step 1: Each participant will receive three (3) sticky dots.

Step 2: Place one dot next to each of the *top three objectives* that you believe will be most effective in improving conditions for people who walk and bike in the region.

Step 3: Use post-it notes to share additional comments or thoughts.
